REVEAL Christ's LOVE

For people living in developing countries around the world, lack of access to traditional financial services keeps them from providing for their material needs. A Catholic Relief Services (CRS) program has created Savings and Internal Lending Communities (SILCs) to address this lack by helping poor communities to pool savings, which then can be lent to SILC members to build or grow businesses at low cost. In Chad, Claudine, a mother of six, uses loans from her local SILC to buy large, lower-cost quantities of the ingredients she needs to make the beignets she sells at market. Before the SILC was established, Claudine was barely able to sell enough beignets to live. But now these cost savings allow her to care for her family and pay school fees.

Your support for The Catholic Relief Services Collection helps CRS address the needs of people in developing countries through innovative solutions that strengthen communities and equip them with resources and skills to prosper—and you also support five other Catholic organizations' outreach to other vulnerable people.
